#### 15 Corporate Income Tax

On December 9, 2022, the UAE Ministry of Finance released Federal Decree-Law No. 47 of 2022 on the Taxation of Corporations and Business (Corporate Tax Law or the Law) to enact a Federal corporate tax (CT) regime in the UAE. The CT regime is effective from June 1, 2023 and accordingly, it has an income tax related impact on the financial statements for accounting periods beginning on or after June 1, 2023.

The Cabinet of Ministries Decision No. 116 of 2022 specifies the threshold of income over which the 9% tax rate would apply and accordingly, the Law is now considered to be substantively enacted from the perspective of IAS 12 – Income Taxes. A rate of 9% will apply to taxable income exceeding AED 375,000 and a rate of 0% will apply to taxable income not exceeding AED 375,000 and a rate of 0% on qualifying income of free zone entities.

The Group will be subject to taxation commencing January 1, 2024. Based on the above, the Group assessed the deferred tax implication and concluded it is not expected to be significant as of and for the six-month period ended June 30, 2023. The Group will continue to assess the impact of deferred taxes on its condensed consolidated interim financial information.
